

## ***“What’s Your Type?”*** – Edition 2023

Reviews are in and once more “What’s Your Type” is a rip-roaring success. We continue to have faith in FFGC members and you continue to prove us right! Sales are great and buyers like the format and the beautiful pictures of NGC Design types. Planning has started to produce another set of pages for the binder and we need your help.

For 2024, we want to focus on the following NGC Design Types:

**Cascade Design in the Traditional Manner**

**Multi Rhythmic Design**

**Grouped Mass Design**

**Tapestry Design**

**Holiday Exhibition Table**

**Creative Cascade Design**

**Tubular Design**

**Floor Design**

**Framed Spatial Design**

**Breakfast Tray**

In the 2024 Edition, we would really like to have fun with examples of Holiday Exhibition Tables featuring novel, unconventional components and staging. Your Exhibition Table may or may not feature a completed decorative unit – your choice! Just tell us the holiday you have chosen. Let your creative juices flow!

**All FFGC members** interested in flower arranging are invited to submit photographs of their designs. Here is what you should do to submit your design for consideration:

- Make an example of one of the above design types.
- Take a clear photograph of the design, jpeg format. Complete the Design Submission Form.
- The photographs will be evaluated by a panel of judges. The judges will choose three examples of each design type for photography.
- If your flower arrangement is chosen for photography, you will be asked to re-create the arrangement for photography by a professional photographer. Photography takes place at John Jernigan’s studio in Ocala. The designer will provide all materials for the arrangement and travel to the photography studio on a selected date. Photographs of completed designs will become the property of Florida Flower Show Judges.
