

Monthly Membership message December 2020

A recap of ideas that have been successful.

1. Use the Next Door App to publish your meeting dates, times, and programs monthly on your I Phone.
2. Ask local realtors to give you a place in their office to place the FFGC brochures. Request these from FFGC Headquarters via an email.

New ideas.

1. This being the Christmas season what about gifting a membership to a relative? You have relatives who would like to know about gardening. They may be considering moving to Florida and could use the tips about what can grow in your area of Florida.
2. Do your children and grandchildren have an interest in what you are doing in your Garden Club? If so gift them a membership in your Garden Club.
3. Your local news paper has a space for local events. You need to write up your meeting time, place, date, and a contact person the general public can contact with questions

Sincerely

Ed Nendick
